J. W. BOWEN, Editor and Publisher.

McARTHUR, OHIO, OCTOBER 22, 1873.

"Come thou Almighty King,
Help us Thy name to sing,
Help us to praise,
Father all glorious,
O'er all victorious,
Come and reign o'er us,
Ancient of days."

The "Old Fossil" wins.

The "Resurrection" is a complete success.

"Rise up WILLIAM ALLEN!"
And lie "rizz!"

The "Old Roman Senator" will go back to Washington.

The Republican majority in Jackson county is 367. MONAHAN, for Representative is defeated by 376.

The Republican papers of Ohio sneeringly called upon WILLIAM ALLEN to "rise up." Well, WILLIAM has "rizz."

LAWRENCE COUNTY—Republican majority 794—a loss of 686 since last year. The Republican candidate for sheriff came within 146 of being beaten.

If the Democratic party is dead, what, oh! what is the condition of the Republican organization? Let the coroners summon a jury.

The Senatorial question was the real issue in the late campaign, and the decision of the people is such as to gratify the thousands of friends of Judge A. G. THURMAN and pure government.

245.

Democrats of Little Vinton, your majority this year for the State ticket is 245! This is the largest majority given in the county since 1867, and you should regard the figures with more than usual pride.

We regret that HARRISON LYLE, our candidate for Representative, was defeated. The Majority against him is only 46. If 24 of those men who scratched his name and wrote the name of MRS. BAY, had voted the clean ticket, Mr. LYLE would have been elected, and those who voted wrong would have felt much better for all time to come. Mr. LYLE is an honest man and would, if elected, have served Vinton county faithfully in the Legislature.

J. R. BOOTH.—We congratulate our friend J. R. BOOTH upon his election as Auditor of Jackson county by thirty-three majority, notwithstanding the most determined efforts made by the Republicans to defeat him. He was the candidate for the same office two years ago, and was elected by a small majority. When it is remembered that Jackson county is Republican by about 400 majority, it will be better understood what a magnificent triumph he has now. It is but just to say the credit is mainly due to respectable Republicans who honored themselves by supporting a noble Democrat and an honest man.

COMMON PLEAS JUDGE.—It pleases us to state that PORTER DUDHAWAY of Jackson, is elected Judge of the Court of Common Pleas for five years for the Second Sub-Division of the Seventh Judicial District, which is composed of the counties of Vinton, Jackson, Pike, Scioto and Lawrence. We have not seen the official vote of the counties, but his majority is about 750. Vinton gave him 574, and Pike about 1,300; CHERINGTON, his opponent, carried Jackson by 120, and Scioto by 332, and Lawrence by about 700. We cannot account for the large majority Mr. DUDHAWAY received in PIKE, unless it is because Bro. WERMORE of the Republican did not learn how to spell the name of Mr. DUDHAWAY's opponent, as he declared upon all that was "high and low," before the election, that he didn't know whether the name was spelled with one r or with two. Those Republicans of Scioto and Lawrence who defeated the wishes of the interior counties in the Republican Convention at Portsmouth, in August last, have now been taught that the people of these northern counties have rights and they propose to maintain those rights. They will observe that the people of Vinton have given 574 majority for Mr. DUDHAWAY.

ALLEN'S "TOG WHISTLE" WAKES UP THE PEOPLE!

THE BUCKEYE STATE COMES TO THE FRONT!

William Allen Elected Governor by About 600 Majority!

WOODEN NUTMEG INDEXER NOYES LAID OUT!

A Democratic Legislature! and Allen G. Thurman for United States Senator!

Only 15 Majority on Joint Ballot!

Good Day's Work for the "Dead" Democratic Party!

HEAVY DEMOCRATIC GAINS IN ALL PARTS OF THE STATE.

Just twenty years since the Democracy of Ohio elected a Governor! It was about that long ago that the cry was raised that "the Democratic party is dead." This cry has been repeated annually since that time. But the result of the election last Tuesday week plainly shows that the Democratic party is a live party. The undertaker is not needed. There will be no funeral. Why, those very confident Republicans who have so eagerly, and so pleasurably insisted that the Democracy long since breathed its last; that all efforts to resuscitate it were idiotic and absurd; that it has in no sense represented live issues or assayed to subserve practical ends; and the few, very few, weak-kneed Democrats, who have "taken stock" in this kind of talk—all of these people have "suspended" and are without "assets." The Democracy is not dead. The very name must be henceforth taken as the best synonym for everything that is full of life. And it is not going to die. Its history is commensurate with that of the country. The glorious news has just been proclaimed throughout this troubled land that WILLIAM ALLEN has been elected Governor of Ohio; that the Democracy of Ohio have elected a majority of the members of both branches of the Legislature; and that A. G. THURMAN will be re-elected to the United States Senate for six years! Last November GRANT carried this State by a majority of 31,531. Now look at the change! The Democracy have also made great gains in Pennsylvania; they have redeemed Oregon by electing NESMITH, Democrat, over SMITH, Granite, to Congress, by 1,000 majority; have weakened and shattered the Republican party in Iowa, by reducing the majority more than 28,000; have elected a Legislature largely anti-Republican and chosen the independent candidate for Supreme Judge in California; and have carried the municipal election in Newark, New Jersey, which insures the very early redemption of that State! Every honest man can plainly see that the elections on Tuesday show that the people are tired of swallowing the stale platitudes of the Republican rostrum—about the party which "saved" the country, and which is the "only party of morality and honesty!" "Honesty!" with every mail freighted with reports of fresh defalcations by Radical officials; with the whole country rent by money panics and disasters caused by the criminal mismanagement of the party in power; and with a civil service lower in tone, more incompetent and more dishonest than was ever known before. The public has at last got its eyes open. It has turned from platitudes to fact. The party, trusted so long as an embodiment of every thing worthy, is found to be a fraud, and a demoralized fraud at that. Hence the woeful falling away of Republican majorities in Ohio, and other states. Awaiting fuller returns before going into minute arithmetical estimates, there are certain important conclusions which it is already to draw:

First. The idea that the Democracy will disband and dissolve their organization, is an exploded idea. The opposition party, for the next four years, will be the Democratic party, and no other party. The hundreds of thousands of citizens who have been waiting and watching, holding back from joining the Democratic organization in the expectation that it would be supplanted by some other, will now see that they are reduced to a choice between the same two great parties which have been arrayed against each other for so many years. The Democratic party and the Grant Administration party are to be the only two national parties of the next four years.

Second. The success of the Democratic party is in proportion to the courage and steadiness with which it maintains its distinctive principles. The most signal success has been in Ohio, where the party has stood most firmly on its own proper ground. Third. The Democracy gain by a bold and active canvass, and have nothing to fear from the zeal and ability of their opponents. The Republicans, as well as the Democrats, have made a vigorous campaign in Ohio, bringing out MORRIS, INDEXER NOYES, SHERMAN, and their heaviest guns. But they have been unable to stand against the bold Democratic onset, led by Senator THURMAN and Ex-Senator ALLEN. Splendid results may be achieved elsewhere if the party elsewhere will be equally bold, vigorous, and aggressive.

Fourth. The Democratic party is strengthened by courageously presenting the Free Trade issue. The Ohio platform was sound on this vital point, and the party won a great victory. The Pennsylvania Democrats dropped out the Free Trade plank of the platform, and, though making gains, they have been defeated.

It is hoped that Democrats and honest citizens will ponder these conclusions.

Victories against the Administration are not won by cowardice, but by courage and hard work.

The Election in Vinton County.

The election in the several townships of this county, on Tuesday of last week, was the most quiet known for years, although considerable interest was manifested at the polls and elsewhere, throughout the day. Some of the townships done splendidly, among which we think it necessary to mention Jackson.

In another part of this paper will be found the official abstract of the county by townships, together with the total vote and majority for each candidate. On the State ticket it will be seen that WILLIAM ALLEN for Governor, received the highest majority, 245; on the District ticket, PORTER DUDHAWAY, for Common Pleas Judge received 574 majority; and on the county ticket, W. W. BELFORD received 288 majority. It will be seen that the Prohibition party, and 30th of July party, polled a few votes in five of the townships. PORTER DUDHAWAY received the greatest number of votes, and THOMAS CHERINGTON the smallest number. PHILIP KECK received the smallest number of votes on the county ticket. Last fall Gen. WILEY's majority for Secretary of State in the county, was 216.

As usual, there were a large number of Democrats who did not vote. They were "too busy" to go to the election. This is their annual excuse. We have counted 132 of these stay-at-home voters in the several townships, but there is no doubt that the number could be increased to 150. Had our full vote been polled, our candidates for Representative and Prosecuting Attorney would have been elected by handsome majorities. It is not the Republicans that out-vote us in this county, but the failure of the Democrats to vote which defeats the Democratic party.

COMMUNICATOR.

To the Democracy of Vinton County.

I came into this place, (Allensville,) thirty six years ago. Having learned my political alphabet from men like the late Ohio Statesman, who has borne the flag of the Democracy onward to victory in the struggle just past, with my heart turned to accord with the principles of the Democratic party, honestly believing that they were the only principles when faithfully carried out that could or would secure to the American people peace, prosperity and happiness, I have honestly and faithfully labored for the success of these principles. I have fought the enemies of the Democracy in this locality for more than a quarter of a century. Never have I weakened in the cause at any time. It may be that I have made some enemies among the members of my own party for expressing my preference between Democrats before their nominations were made. But that time has yet to come when a Democratic ticket was made and in the field, that I ever was dissatisfied. The untraveled voice of the Democracy have ever been sufficient to arouse within me that love for good government which allays that feeling for personal preferences, and at all times have I put my shoulder to the old time-honored Democratic car in order to push her forward to victory.

I have desired the honor of representing the people of this county in the legislative halls of Ohio. But, for bribery and corruption practiced by my opponent I would have had that honor so much desired by me. Yet I have the consolation before me: that I had the honor of a place on the Democratic ticket by the free expression of the Democracy in convention assembled; and further, that I did not pay one dollar in order to secure a single vote of the hundreds of votes that I received, and if I never hold an office of trust, until I stoop so low as to attempt to corrupt the ballot box by securing votes purchased with money, I will never hold one.

Securing the suffrages of the people by purchase, is digging at the very root of free government, and will only be practiced by those unworthy the confidence of any one. The cause that I have plead is yet not my cause. Fellow Democrats, do not think that my defeat will make me less zealous in fighting the enemies of the Democracy. All the Radical slanders and every dollar that they have stolen, cannot and shall not deprive me of the high honor of being an active member of the Democratic party.

Democrats, I thank you for the hearty support that you have given me in the contest just past, and rest assured that I will ever be found working in the harness of the Democracy.

Purges, Purifies, and Strengthens the System.

Dr. Tuttle's Pills are composed of many ingredients, prominent among them are Sarsaparilla, Compound Elix. of Sassafras, and a host of other valuable substances, which, acting together, the one, through its admixture with other substances, purifying and purging the system, the other, by its action, purging the system, the one, through its admixture with other substances, purifying and purging the system, the other, by its action, purging the system.

These pills are at the same time a tonic and a cathartic, a desideratum long sought for by medical men, but never before discovered. In other words, they do the work of two medicines and do it much better than any two we know of, for they remove nothing from the system but impurities, so that the body is not weakened, and the system is strengthened, and hence they cause no debility and are followed by no reaction.
